

**WHAT
IS THE
GOSPEL?**

*Is your life seemingly
falling apart or just
ho-humming along
without a care?*

*Are you depressed,
sad or feeling lost
and afraid?*

*Wherever you are,
whoever you are:*

**YOU NEED
THE GOSPEL.**

SO, WHAT IS THE GOSPEL?

The word '*gospel*' simply means '*good news*'. In a world that is inundated with corruption, pain and suffering, it is refreshing to hear good news.

THE GOSPEL IS GOOD NEWS.

At its most fundamental level, the gospel is about what God has done for us through His Son, **Jesus Christ**, who, through His faithful and obedient life, His death on the cross and His resurrection from the dead, has made us right with God again.

And that is the whole point of the gospel: to be **made right** with God as we were intended from the beginning.

The good news has been written down in the Bible, a book consisting of 66 individual books written with one central theme: **God's love** for His people and His creation.

That means the entire scope of the gospel is all about **God** – from beginning to end. Like one author has said,

"The gospel is not a summons to work harder to reach God - it's the grand message of how God worked all things together for good to reach us."

THE GOOD NEWS IS FREE.

The really good news about the Good News is that it is totally free for everyone and takes the chaos of our lives and allows us to live new lives of joy and thankfulness.
